Continuation of Substance of Interview including description of the general nature of what was discussed: Based on our previous interview, I called the representative to discuss their amendments and how I interpreted them in more detail. Specifically, I commented on the "based on ... local preference" and how its reads on the Flom reference. Also, I discussed how the template relates to the DGLSC and how it could read on the DGLSC, thus clarity and further narrowing would further prosecution. Based on the foregoing, the representative emailed me the attached amendment.
